

CITY OF BROOKSVILLE

DEPARTMENT OF PUBLIC WORKS

HOWELL AVENUE SIDEWALK REPLACEMENT PROJECT

BID NO. PW2018-02

ADDENDUM #2
Date Issued – June 6, 2018

TO: All prospective proposers:

This addendum is being issued to clarify or address the following:

- 1) **Correction/Clarification.** The bid’s Minimum Technical Specifications and plans incorrectly lists 7,150 linear feet of sidewalk.

The overall length of the project is 1,523 linear feet or 0.29 miles. The correct value for linear feet of sidewalk to be removed, including the two bridges with concrete decks, and less one 35’ asphalt driveway, is 1,488 linear feet or 0.28 miles; and the correct linear footage of new sidewalk is 1,448 linear feet or 0.27 miles.

Item 10 on the Bid Form lists 800 SY of concrete new sidewalk. Revised calculations reflect 805 SY of new concrete sidewalk. A revised Bid Form is attached as Part of Addendum #2.

- 2) **Note** - The contractor will be responsible for obtaining temporary construction easements from property owners at lots 5, 6 and 7, Woodland Homes Subdivision. (This was brought up at the 6/1/18 Mandatory Pre-Bid Meeting)
- 3) **Question:** Can you tell me what the maximum days and liquidated damages are for this project?

The Project time frame (schedule) is 180 days or less. Liquidated damages are \$500/day.

Acknowledge receipt of the Addendum #2 by signing the document and attaching to Proposal Documents submitted. Failure to do so may subject the proposer to disqualification.
