

# City of Brooksville, Florida

Public Works Department – 600 South Brooksville Avenue, Brooksville, Florida, 34601

## **PRECAUTIONARY BOIL WATER NOTICE**

**DATE: Thursday, August 15, 2019**

**TO: All Water Users at: CLOVER LEAF FARMS, 991, 1036, 1037, 1070 Varsity Drive, 993 and 999 North Broad Street.**

This is to advise that on Thursday, August 15, 2019, water service will be interrupted while City Utilities Service completes repair of a 6 inch water line. Water service interruption will be approximately eight (8) hours starting at 10:30 am.

When water service is interrupted, as a precaution, the City of Brooksville, Department of Public Works, advises that all water used for drinking or cooking be boiled. The U.S. Environmental Protection Agency has determined that a rolling boil of one (1) minute is sufficient to disinfect water. As an alternative, bottled water may be used for drinking and cooking. Water from the City's system after repairs are complete is approved for bathing and cleaning purposes only. Clearance for drinking and cooking will be determined by bacteriological examination.

This "Precautionary Boil-Water Notice" will remain in effect until satisfactory water samples are obtained confirming that the water is safe for drinking or cooking. You will be notified by a handout when the system is cleared for normal use. We expect this to be in 3-5 days.

If you have questions, please contact the City of Brooksville, Department of Public Works, at 352- 540-3860.

Kind Regards,  
/s Jon Dowler,  
/s Richard W. Radacky  
Public Works Director
